Group,

As you can see Laura came thru again! She got the room we usually use and if you are staying on site there is a block of rooms; just use the TMDL Group for the rate. As you can see she has a break scheduled for Tuesday afternoon, breakfast & lunch on Wednesday, and breakfast again on Thursday. If you have question about the room, the hotel or any logistics please email Laura, and she is copied on this email. Any other questions you can email me.

I'll see you all in a few weeks,

Tom

Dear Technical Workgroup,

Hope everyone is doing well. We would like to provide an in-person update on the Illinois River Watershed Modeling project and would like to host a one day workshop in Dallas on the model, modeling tools and to discuss the latest developments. Please consider your schedule and let us know your travel availability during the March 5 – March 16 time frame. Please use the following link to indicate your preference on which day(s) to meet. <https://doodle.com/poll/zdgqkwmkg79a8iw8>

There has been considerable advancement in the tools and we look forward to sharing all of the progress made.

Thanks so much and hope to see you soon.

Taim.
